Lyon Manono

Phone: (571) 341-0158 | Email: lyon.manono@wsu.edu | GitHub.com/SwataTheDiamond

SUMMARY OF QUALIFICATIONS

☐ Proficient in programming languages including C, C++, Python with a solid understanding of design principles and real-world problem modeling.
☐ Strong mathematical aptitude and analytical skills developed through coursework and personal projects.
☐ Driven by curiosity and a relentless desire to learn how and why things work, consistently demonstrating high motivation and adaptability in all tasks.
☐ Recognized for problem-solving skills and a competitive edge, ready to tackle any challenge

EDUCATION

Bachelor of Science in Computer Science, Minor in Mathematics | GPA: 3.3 (Expected December 2027)
Washington State University, Pullman, WA

SKILLS

Programming Languages: C, C++, Python
Software/Tools: Excel, Visual Studio
Core Skills: Strong work ethic, attention to detail, problem-solving, teamwork, and adaptability

PROJECTS

Global Food Distribution Optimizer | World Bank Volunteer Project (2023)

- Collaborated with a team to develop an optimization model in Python, focusing on enhancing food distribution networks in underdeveloped regions. Reduced transportation costs by 20% through predictive analytics.

OTHER EXPERIENCE

Cashier | Carrefour, Nov 2022 - Mar 2023

- Managed point-of-sale systems and provided excellent customer service, enhancing store efficiency.

Catering Services Assistant | WSU, Aug 2022 - Present

- Assisted with event setup and food service operations, showcasing strong teamwork and multitasking skills.
